

Looking to be a better partner in your child's education?

We can show you how.

You are invited to join members of the **Cooley Law School** community, along with fellow parents, at a presentation discussing the laws governing Individualized Education Plans (IEP) in the state of Michigan. **Please note that the laws and rights discussed may apply to your child even if he or she does not currently have an IEP.**

Purpose of the IEP Educational Program:

To give community presentations in order to provide parents and guardians with the tools they need to effectively advocate for their child's educational needs, and to allow them to approach an IEP as an informed, organized partner in the education plan for that child.

Date: Thursday, March 24, 2011

Time: presentation begins at 5:15 pm

Location: 6th Floor Conference Room

Spread the word: Admission is free and all are welcome to attend.

Fill in name and number attending and return this portion to the Center by Thursday, March 17, 2011
